ICI is a full service one-stop shop minority owned small business specializing in interior commercial products, services and design for all office needs.

Today's office environments require well-lit, environmentally friendly, flexible spaces that cater to clients needs.

Our expert advice based on years of experience provides clients a variety of office interior options that are both functional and affordable.

Our creative business approach utilizes a turn-key solution to provide a full range of office interior products. This approach allows ICI to streamline timelines and maximize cost savings.

PRINCIPAL

Rick Harris has more than thirty years of experience in the commercial interior industry, including managing a high-end office furniture and systems company, owning a new and remanufacturing dealership with space planning and design, project management and installation services.
